Rising to the Challenge during COVID-19

We know that we just held our college award ceremony, but so many people are continuing to do amazing work. If you wish to acknowledge the hard work of CHS employees, faculty and students throughout the summer, please submit your names to us via CHSCovid@asu.edu.

You can also send a SUN Award to recognize your colleagues.

SHOUTOUT!

Congratulations and kudos to the entire Speech and Hearing Leadership team (Henry Barto, Juan Beltran, Joshua Breger, Kelly Ingram, Kristin Samuelson, Tracey Schnick, Kristen Will, and Erica Williams) for the development and implementation of a fully functional telepractice in just 4 short weeks! The entire faculty of Speech and Hearing should be commended for their efforts and dedication to both the clients and students they serve. Telepractice might be a permanent fixture in clinical practice as we move forward into our “new normal.” The Speech and Hearing Science faculty demonstrate what it looks like to pull together and create lemonade from lemons.” Thank you for your hard work on this important project!

SHOUTOUT!

Congratulations and kudos to Kymberly Levesque, Sarah Miller, and Leo Pardo for their hard work and dedication in categorizing over 300 website links and building out the COVID-19 Resource Hub so quickly.

Announcements
**CHS COVID-19 Initiatives newsletter update**

For the upcoming summer months, the COVID-19 Initiatives newsletter will be moving to a bi-weekly edition sent on Wednesdays. We wish you a safe & healthy summer and we will see you all in the fall!

---

**CHS COVID-19 Grant program**

At this time, the CHS Research Success Hub will no longer be accepting COVID-19 grant proposals. Please contact CHSPilotGrants@asu.edu with questions.

---

**CHS COVID-19 Resource Hub website is live**

The COVID-19 Resource Hub from the College of Health Solutions at Arizona State University is designed to support your health and well-being during the COVID-19 pandemic. With resources for all ages and populations — including parents, children, teachers, students, veterans and health professionals — we remain committed to serving our communities and helping you thrive.

We take a comprehensive approach to health and offer support for working, learning and living. We are in this together: If you have a resource to suggest, connect and reach out.

---

**CHS Special topic courses: Summer 2020**

CHS Special Topics courses are launching this summer and will address COVID-19 issues.

- CHS 494 Eff. COVID-19 Responses in a Changing World
- CHS 598 Eff. COVID-19 Responses in a Changing World

Colleagues across our college will be guest speakers and community stakeholders will share their experiences addressing COVID-19 related issues in the weekly webinars.

You are invited to offer ideas, suggestions, comments about this course. Also, if you know of someone who could address one of the course topics, please let us know and we will reach out to determine if they would like to participate.

Please contact C.R. Macchi for more information at crmacchi@asu.edu.
Highlights

**PolicyMap**

PolicyMap offers easy-to-use online mapping with data on demographics, real estate, health, jobs and more in communities across the US. From the classroom to the boardroom, thousands of organizations trust PolicyMap to find the right data for their research, market studies, business planning, site selection, grant applications and impact analysis.

The College of Health Solutions has a subscription to PolicyMap which is a resource housed in CHiR. If interested in accessing PolicyMap, please email CHSCovid@asu.edu.

Hospital Resources, Public Health Facilities, and Social Vulnerability amid the COVID-19 Pandemic in Arizona

Knowledge Enterprise (KE) utilized third party resources to compile this map on Hospital Resources, Public Health Facilities, and Social Vulnerability amid the COVID-19 Pandemic in Arizona. Included in the map are locations of drive-up testing sites, confirmed COVID-19 cases and deaths by county, healthcare locations, etc. It’s a useful ‘one stop’ site for relevant information regarding COVID in Arizona.

CHS Employee Emergency Fund

Due to COVID-19, the College of Health Solutions has established the CHS Employee Emergency Fund. Once funds are available, the Faculty and Staff Vitality team will share the process for seeking assistance. If you have questions, please contact CHSCovid@asu.edu.

Events

**Dissemination & Implementation Networking Event**

Friday, May 15, 2020, 9am-10:30am, RSVP [here].

This networking event is aimed to bring together expertise in dissemination and implementation science (D&I) across ASU. This will be the first in an ongoing series of meetings to build our capacity, collaborations and knowledge sharing to better support D&I research activities and training efforts. Faculty, staff, postdoctoral fellows and students of all levels are welcome to participate.
COVID-19 Conversations for Collaboration
New approach in bringing people together to discuss special topics. These conversations will be informal and unstructured.

COVID-19 Conversations for Collaboration: Telehealth / Telemedicine
- Tuesday, May 12th, 4pm-5pm

COVID-19 Conversations for Collaboration: Indigenous Peoples’ Health
- Thursday, May 14th, 12pm-1pm

CHS COVID-19 Brown Bag lunch meeting
Every other Tuesday, beginning on May 19th from 12:05pm-12:55pm,
Zoom: https://asu.zoom.us/j/97479535411

Featured topics to be announced soon.

Health Talks: COVID-19 Series

TOPIC: FOOD AND NUTRITION DURING COVID-19

WHEN: Thursday, May 21st 1pm-2pm, Zoom info coming soon

DESCRIPTION - Join us to learn more about cooking and food safety at home, restaurant regulations and what restaurants are doing, how to eat for emotional health, how to use nutrition to support the immune system, and how to spot fake news about nutrition and health during the pandemic.

Speakers:

Kenneth Moody – food safety, kitchen safety, guidelines for restaurants as they reopen
Megan Kniskern – stress-eating, unhealthy attitudes about eating, restrictive eating, disordered eating/eating disorders
Chrissy Barth – how to plan and eat a nutritious diet for the immune system
Jessica Lehmann – how to evaluate the credibility of information about food and nutrition
ARCHIVED: Health Talks: COVID-19 Series

- May 8, 2020: COVID-19: What does the science say about reopening?
- April 17, 2020: COVID-19 and effective diagnostics: The key to recovery of health, society, and the economy
- April 2, 2020: The COVID-19 Pandemic: Causes, Testing Options and Care

CHS COVID-19 Weekly Domain Meetings

Student Vitality: Wednesdays from 11am – 12pm
May 13th  ♦  May 20th

Community Partnership & Engagement: Wednesdays from 1pm-2pm
May 13th  ♦  May 20th

Faculty & Staff Vitality: Fridays from 10:30am-11:30am
May 15th  ♦  May 22nd

COVID-19 Translational Teams/Research: Fridays from 1pm-2pm
May 15th  ♦  May 22nd

Coming Soon

Responding to COVID-19: A Science-based approach
Wednesday, May 13th, 5pm-6:30pm ET, 2pm Arizona time

The seventh COVID-19 Conversations webinar will explore how public health, economic, and workforce priorities can be balanced to ensure a safe reopening of the country; how models can inform reopening and what data is still needed; how a nationwide testing strategy can support reopening strategies; practical considerations for educators and employers and what data is available to them; and how to ensure the public has reliable, actionable, and understandable data to guide their personal decision-making.
