To: All patients/customers of the Speech and Hearing Clinic

From: ASU College of Health Solutions

Subject: ASU Speech and Hearing Clinic: Our commitment to your health

Dear patients of the ASU Speech and Hearing Clinic,

The ASU Speech and Hearing Clinic at the College of Health Solutions is dedicated to providing high-quality care in a safe environment for our patients, students, clinicians and employees. As you may be aware, there have been confirmed cases of the novel coronavirus (COVID-19) in Maricopa County, including the Phoenix metropolitan area.

The university remains open, however, due to the rapidly evolving situation and out of concern for our patients, students, clinicians and employees, the ASU Speech and Hearing Clinic has determined to postpone all appointments for a period of two weeks. Staff will be contacting you by phone to reschedule your appointment as soon as possible.

We are taking these steps out of an abundance of caution. Based on information from the Centers for Disease Control and Prevention, we believe this is the most prudent course of action at the current time.

We continue to monitor this situation and will provide any additional updates via email as needed. ASU’s COVID-19 webpage will continue to be our primary source of information and updates related to university operations. We will communicate changes across as many channels as possible.

This is a new challenge not only for our community at ASU, but for the broader community in metropolitan Phoenix, Arizona, and the country. We will continue to closely monitor the COVID-19 situation with local, state and federal public health officials.

To reschedule your appointment or speak to a staff member at the ASU Speech and Hearing Clinic, please call our office at 480-965-2373.

Thank you for your ongoing flexibility during this challenging time.

Sincerely,

Joshua Breger, M.S., CCC-SLP

Director, Speech-Language Pathology Clinic Services

Kristin Samuelson, Au.D., CCC-A

Director, Audiology Clinic Services
